in 1998 the previous government abolished exit checks paper based embarkation records of passengers departing from the uk because they were too resource

intensive those universal exit checks were replaced by an intelligence led approach using cctv and greater liaison between border agencies port operators and transport carriers this approach was subsequently superseded by the e borders programme announced in february 2005 the e borders programme has stalled and was terminated in march 2014 and that the home office would be replacing individual systems such as the warnings index and semaphore separately at the moment data for air passengers travelling in and out of the uk is sourced from carrier lists known as advanced passenger information api air passengers buy tickets in advance and check in a reasonable time before departure so api coverage is good about 80 and increasing coverage is not so good for rail and ferry passengers partly because of the ticketing systems and partly because customers can decide to travel buy a ticket and have checked in at a time near to departure both the minister and the director general of border force have assured the committee that 100 exit checks will be in place by 31st march 2015 to deliver exit checks the home office needs to find a mechanism that can count all of the rail and maritime passengers as they depart the uk by the end of march exit checks will be carried out by the transport operators staff not border force the committee hope this can be delivered

news organisations are struggling with technology transitions and fearful for their future yet some organisations are succeeding why are organisations such as vice and buzzfeed investing in journalism and why are pedigree journalists joining them why are news organisations making journalists redundant but recruiting technologists why does everyone seem to be embracing native advertising why are some news organisations more innovative than others drawing on extensive first hand research this book explains how different international media organisations approach digital news and pinpoints the common organisational factors that help build their success

despite the end of white minority rule and the transition to parliamentary democracy johannesburg remains haunted by its tortured history of racial segregation and burdened by enduring inequalities in income opportunities for stable work and access to decent housing under these circumstances johannesburg has become one of the most dangerous cities in the world where the yawning gap between the haves and have nots has fueled a turn toward redistribution through crime while wealthy residents have retreated into heavily fortified gated communities and upscale security estates the less affluent have sought refuge in retrofitting their private homes into safe houses closing off public streets and hiring the services of private security companies to protect their suburban neighborhoods panic city is an exploration of urban fear and its impact on the city s evolving siege architecture the transformation of policing and obsession with security that has fueled unprecedented private consumption of protection services martin murray analyzes the symbiotic relationship between public law enforcement agencies private security companies and neighborhood associations wherein buyers and sellers of security have reinvented ways of maintaining outdated segregation practices that define the urban poor as suspects

never have financial markets been subjected to a period of change as rapid and extensive as took place from the 1970s onwards in the 1970s global financial markets were controlled by governments compartmentalized along national boundaries and segregated according to the particular activities they engaged in this

all disintegrated in the decades that followed under the pressure of market forces global integration and a revolution in the technology of trading one product of this transformation was the global financial crisis of 2008 which exposed the fragility of the new structures created and cast a long shadow that we still live in today the response to that crisis has shaped the global financial system which has been tested once again by the coronavirus pandemic however none of the outcomes of this transformation were inevitable despite the forces at work they were the product of decisions taken at the time for a multitude of reasons banks exchanges and regulators were faced with unprecedented challenges and opportunities as a revolution swept away traditional ways of conducting banking the methods used to trade in financial markets and the rules and regulations employed to enforce discipline in this book ranald c michie provides an authoritative and unrivalled account of this upheaval based on a careful and exhaustive reading of the financial times over the last four decades using it to provide a source of material unmatched by any other in terms of depth and coverage by studying what happened and why in real time it is possible to explain the decisions taken that shaped the course of the transformation and its repercussions
