the military was the key political institution in early twentieth century turkey its duty was to save the state a responsibility buried deeply in its ethos and tradition and this was reflected in the young turk movement this book examines the historical conditions under which the ottoman turkish military tradition was established the role it played especially in the young turk era and the way it set the scene for the transformation from empire to nation state the republic of turkey the book opens with a controversial interpretation of a speech by mustafa kemal atatürk in 1909 calling for the disengagement of the military from partisan politics then after the methodological and broad social and historical settings provided in parts one and two respectively the longest section part three covers the tumultuous events of the period 1908 1913 in close detail and in a lively historical narrative with accompanying commentary the epilogue looks forward through the transition years of the national struggle to the military tradition in modern turkey and other ottoman successor states

who has not seen a picture of the great pyramid of egypt massive in size but deceptively simple in shape and not wondered how that shape was determined starting in the late eighteenth century eleven main theories were proposed to explain the shape of the great pyramid even though some of these theories are well known there has never been a detailed examination of their origins and dissemination twenty years of research using original and difficult to obtain source material has allowed roger herz fischler to piece together the intriguing story of these theories archaeological evidence and ancient egyptian mathematical texts are discussed in order to place the theories in their proper historical context the theories themselves are examined not as abstract mathematical discourses but as writings by individual authors both well known and obscure who were influenced by the intellectual and social climate of their time among results discussed are the close links of some of the pyramid theories with other theories such as the theory of evolution as well as the relationship between the pyramid theories and the struggle against the introduction of the metric

system of special note is the chapter examining how some theories spread whereas others were rejected this book has been written to be accessible to a wide audience yet four appendixes detailed endnotes and an exhaustive bibliography provide specialists with the references expected in a scholarly work

under the emerging void for vagueness doctrine a law lacking precision can be declared invalid in this the first book published on the subject marc ribeiro offers a balanced analysis of this doctrine and its application in the context of the canadian constitution taking as its starting point a cogent analysis of the fundamental concepts of legality and the rule of law limiting arbitrary power undertakes a specific study of the contents of the vagueness doctrine dr ribeiro presents an in depth exploration of the courts current approach and suggests how it may be refined in the future in that regard he proposes techniques for legislative drafting in which certainty could be enhanced without compromising the flexibility required in law acknowledging that to date the doctrine has yet to be granted an autonomous status for invalidating legislation he also examines in detail the possible situations in which vagueness may become applicable under the charter an important addition to canadian law libraries limiting arbitrary power will be eagerly received by legal professionals legislators and scholars of constitutional law and legal theory

most of the lead cases are post 1980 with many 1990s decisions there are significant new decisions in the finders personal property area the cases throughout deal with time honored concepts in a decidedly modern context includes the nature and division of ownership right of reasonable use and nuisance covers rights above and below the surface and water rights looks at the transfer of ownership and conveyance and land use regulations
