having sold over 700 000 copies over the last 25 years supervisor s survival kit is comprehensive enough for a formal college level course brief enough for a seminar and functional enough for self study or on the job reference

having sold over 700 000 copies over the last 25 years supervisor s survival kit is comprehensive enough for a formal college level course brief enough for a seminar and functional enough for self study or on the job reference

out with the old and in with the new looking back on my nurse training i can vividly recall clinical placements where i was

mentored by inspirational dynamic enthusiastic and nurturing mentors however i can equally recall the toxic mentors that ruined clinical placements and made me question whether i wanted to be a nurse at all supporting students in clinical practice is a privilege and getting it right is essential danny walsh s book demystifies the nmc s sssa document and provides a real insight into the meaning of the word mentorship along with practical advice on how to be a practice supervisor mike parker is an associate professor in emergency nursing at the university of york uk this is a real world book that offers practice supervisors and assessors detailed guidance on their new role within the context of the recent nmc 2018 standards for supervision and assessment of students it gives information on the background policy to the standards and what is expected of nurses who take on these new roles the book provides the theoretical base and practical guidance on facilitating good quality learning experiences for students and on teaching assessment and providing evidence of learning it is the ideal handbook for nurses since it addresses all the issues that you are likely to encounter whilst supporting students with an easy reference system and great practical examples professor fiona irvine emeritus professor in nursing university of birmingham a book worth recommending and adopting as a core text for modules especially those in teaching learning and assessment for new mentors practice assessors and supervisors it can be a resource for nurses returning to study international students and anyone involved in clinical guidance teaching such as practice education coordinators facilitators and nominated persons it would also be suitable for lecturers delivering core modules for diploma degree masters and dissertations leontia hoy course director bsc hons graduate diploma post graduate diploma specialist practice school of nursing queens university belfast this popular book is an essential companion for supporting and supervising student nurses in clinical practice the book examines the theory of supervision and the underlying principles of teaching and assessment in nurse education and includes case studies tools and interventions that can be used in clinical practice key areas covered include the new nmc standards for supervision and assessment as well as the history and

politics of student nurse mentorship effective practice supervision the role of the supervisor and the practicalities such as the importance of forming effective working relationships and communication skills clear guidance on best teaching and assessment practice with practical examples and techniques an examination the importance and methodology of giving good feedback fostering successful placement experiences and supporting a range of students with varying learning needs including best practice in supporting a struggling student fully updated in this third edition the book simplifies the theory delivering practical guidance on best practice in student support and includes insights from students and supervisors danny walsh was a mental health nurse for over 40 years and a senior nurse lecturer for more than 15 he has published widely in the fields of nurse education and dementia care

building on proven methods of effective supervision this book offers academic librarians a practical guide for the day to day challenges that arise in supervising student employees the authors describe the roles of employees and supervisors and review general management principles they then explain how to organize for student employment hiring compensation orientation and training and supervision strategies are covered in addition to common problem areas performance appraisal employee employer rights corrective discipline and termination procedures a revision of baldwin s supervising student employees in academic libraries libraries unlimited 1991 this new work has been thoroughly updated it contains a complete list of job descriptions and detailed information on funding answers to frequently asked questions and a glossary of financial aid terms conclude the book

designed to give managers the practical guidance they need to supervise effectively this text discusses and applies focused supervision in four key management areas planning controlling organizing and leading the text then tackles the

supervisor s role in human resource management

library administrators have taken the student work force for granted for a long time and are only now beginning to realize that this important group accounts for a significant portion of the operating budget baldwin describes the role of student employees and the supervisor including hiring orientation and performance appraisal he discusses some common problems as well as corrective discipline and termination procedures a separate chapter is devoted to federal student aid programs because of their role in student employment the specific orientation of this well organized handbook makes it essential for any supervisor of student employees
