this book explores the theme of the missional conversion of the church namely how the church is transformed toward its missionary vocation from a biblical theological perspective the purpose of this book is to find biblically grounded theologically sound and practically applicable principles helpful for the church which seeks to be continuously shaped into a missional community which authentically and fully participates in god s mission today the biblical theological findings on how the triune god in the biblical narrative shapes the people of god toward their missionary vocation demonstrates first that in scripture the missional conversion of the church is primarily the consequence of its continuous encounter with the triune god and second that this divine human encounter for the missional conversion of the church is ineluctable in view of the ongoing tension between the missional faithfulness of god in fulfilling the missionary vocation of the church on the one hand and the missional failure of the church in its missionary vocation on the other hand

in a pluralistic world of competing truth claims how can one discern what is truly representative of god how can we live and communicate what is authentically spiritual how do we bridge the religious impasse between believers and a post christendom and pluralistic context where individuals may consider themselves to be spiritual yet are offended by the person of jesus can relativism be an effective means of evaluating truth from falsehood what role should race gender and socioeconomic background play in society and the church these are just a few of the questions this study addresses in presenting a more balanced dialogical and biblical criterion for authentic spirituality the insights on how to discern live and communicate what is authentically spiritual are significant for interreligious and ecumenical dialogue across denominations these insights contribute a way to more effectively communicate divine truths to all for it is conversant with various sources of knowledge about god and is accountable to feedback from these

sources of truth for example tacit knowledge such as that derived from faith and spiritual gifts as well as rational or philosophical claims to truth along with western eastern and southern modes of thinking are all incorporated

to most modern readers the book of ezekiel is a mystery few can handle ezekiel s relentless denunciations his unconventional antics his repetitive style and his bewildering array of topics this excellent commentary by daniel i block makes sense of this obscure and often misunderstood prophet and demonstrates the relevance of ezekiel s message for the church today

recognizing the absence of a god named yahweh outside of ancient israel this study addresses the related questions of yahweh s origins and the biblical claim that there were

yahweh worshipers other than the israelite people beginning with the hebrew bible with an exhaustive survey of ancient near eastern literature and inscriptions discovered by archaeology and using anthropology to reconstruct religious practices and beliefs of ancient edom and midian this study proposes an answer yahweh worshiping midianites of the early iron age brought their deity along with metallurgy into ancient palestine and the israelite people

the holy name of god stands at the center of biblical faith and worship from the opening pages of scripture to the proclamation of the gospel god reveals himself not as an abstract deity but as the living one who makes his name known in order to dwell with his people when god spoke to mooses from the burning bush he revealed his name as yahweh declaring this is my name forever and this is my memorial to all generations exodus 3 15 in this revelation the name of god becomes a sign of his eternal being his covenant faithfulness and his saving purpose yahweh the hebrew name of god is written in the spirit of reverence humility and unity seeking to explore the meaning and significance of god s holy name as it is revealed in the whole of scripture this study does not belong to one tradition denomination or theological school but draws upon the shared biblical heritage of the church universal the name yahweh is the name by which god made himself known in the history of israel yet it was never intended to be confined to one people alone scripture proclaims that all nations are called to know honor and praise this name from the rising of the sun to its setting the name of yahweh is to be praised psalm 113 3 cf malachi 1 11 the new testament does not abandon or replace this holy name rather it proclaims its fulfillment and saving power in jesus christ the name yahshua jesus meaning yahweh saves is itself a confession of faith the angel declares you shall call his name jesus for he will save his people from their sins matthew 1 21 in this name the saving identity of yahweh is made present and active in human history the connection is not linguistic alone but deeply theological the god who revealed himself as savior in the old testament now comes to save in the flesh the scriptures bear unified

witness to this truth yahweh declares i even i am yahweh and besides me there is no savior isaiah 43 11 and again there is no god besides me a righteous god and a savior there is none besides me isaiah 45 21 22 yet the apostles boldly proclaim that salvation is found in the name of jesus there is salvation in no one else for there is no other name under heaven given among men by which we must be saved acts 4 12 far from contradiction this confession reveals continuity the saving work attributed to yahweh is now revealed and accomplished in yahshua the lord jesus yahshua himself affirms that he comes bearing the father s name and authority i have come in my father s name john 5 43 and i have manifested your name to the men whom you gave me john 17 6 to know the son therefore is to encounter the father who sent him john 14 9 10 the apostolic witness further proclaims that the honor given to the name of jesus reflects the divine identity it reveals at the name of jesus every knee should bow and every tongue confess that jesus christ is lord philippians 2 9 11 echoing the words spoken by yahweh himself in isaiah 45 23 this book affirms with reverence and care that the name yahweh is not exclusive to a particular group nor restricted by cultural or denominational boundaries it is the holy name of the one true god given for the life of the world likewise the proclamation of the name yahshua is not a departure from biblical monotheism but its fulfillment the same yahweh who saves now reveals his salvation in the incarnate son as the apostle writes in him dwells all the fullness of the godhead bodily colossians 2 9

yahweh is the proper name of the biblical god his early character is central to understanding the foundations of jewish christian and islamic monotheism as a deity the name appears only in connection with the peoples of the hebrew bible but long before israel the name is found in an egyptian list as one group in the land of tent dwellers the shasu this is the starting point for daniel fleming s sharply new approach to the god yahweh in his analysis the bible s people of yahweh serve as a clue to how one of the bronze age herding peoples of the inland levant gave its name to a deity initially outside of any relationship to israel for 150 years the dominant paradigm for yahweh s origin has

envisioned borrowing from peoples of the desert south of Israel Fleming argues in contrast that Yahweh was not taken from outsiders rather this divine name is evidence for the diverse background of Israel itself
