an introduction to historical comparison is the first comprehensive study of the theory and practice of comparative historical research designed as a handbook for historians this book shows scholars how to develop the skills needed to successfully employ a comparative methodology it begins by tracing the intellectual history of comparative history writing and then examines the practice of historical comparison the result is a clear and engaging analysis of historical thinking and a useful guide to main methodological techniques successes and pitfalls of comparative research

historical comparison as a method of historical analysis goes back to herodotus in antiquity yet it was not until the 1920s through the work of historian marc bloch that it was recognised as a solid historical method even today some historians are wary of applying a comparative lens to their work why is this mikhael krom asks when historical comparison can be an incredibly insightful approach to history designed as a helpful resource for historians an introduction to

historical comparison aims to teach scholars how to develop the skills needed to successfully employ a comparative methodology it begins by tracing the intellectual history of comparative history writing and then examines the practice of historical comparison the result is a clear and engaging analysis of historical thinking and a useful guide to main methodological techniques successes and pitfalls of comparative research an introduction to historical comparison is the first comprehensive study of the theory and practice of comparative historical research combining a wide range of case studies from the best practitioners of historical comparison with an innovative interdisciplinary perspective this book is thus a meaningful contribution to current debates on historiography as such this resource will be of immense value to both students reading historiography and methodology and to historians looking to apply a comparative approach to their own research

the most successful social research text to have been published in a generation has been updated and revised in this new sixth edition this innovative up to date and popular text makes research come alive through research stories that illustrate the methods presented in each chapter with hands on exercises to help students learn by doing author russell k schutt helps readers connect technique and substance understand research methods as an integrated whole appreciate the value of both qualitative and quantitative methodologies and make ethical research decisions new to the sixth edition updates and revisions research examples have been updated throughout the text with many that have been added from international researchers all end of chapter exercise sets have been updated techniques for searching and reviewing the literature and sites have been updated and more guidance is provided on writing the literature review in addition many chapters have been streamlined and reorganized for greater clarity including those on measurement and causation and research design secondary data analysis and content analysis a new chapter introduces the logic and limitations of secondary data analysis available data sources procedures for using icpsr datasets the human relations area files and more information on content analysis qualitative data analysis new sections have been added on conversation analysis ethnomethodology case oriented understanding and visual sociology a special section on computer assisted qualitative data analysis introduces the hyperresearch software that accompanies the text theories and philosophies for research a revised and streamlined chapter uses international research on immigration and ethnic conflict to illustrate functionalism conflict theory and symbolic interactionism and to contrast positivist and interpretivist research philosophies unique among methods texts this chapter emphasizes the importance of social theory and research philosophy as a foundation for social research research ethics new sections have been added in some chapters and the discussion of the role of the irb in the third chapter has been expanded accompanied by high quality ancillaries instructors resource cd rom provides test questions powerpoint slides for lectures suggested assignments and a review of course organization options student study site at pineforge.com isw5 includes journal articles flash cards for practicing terminology online quizzes and much more now with interactive exercises on the study site from the student cd for easier access and use by students student resources cd bundled with the book contains wide ranging data sets and interactive exercises to help students master concepts and techniques hyperresearch software

includes software for qualitative data analysis

the specially commissioned papers in this book lay a solid theoretical foundation for comparative legal history as a distinct academic discipline while facilitating a much needed dialogue between comparatists and legal historians this research handbook examines methodologies in this emerging field and reconsiders legal concepts and institutions like custom civil procedure and codification from a comparative legal history perspective

the idea that science is a blueprint for research and imagination gives research its life and purpose inspired this comprehensive explanation of research methodology the authors decades of experience have revealed that research is a craft requiring judgment and creativity not simply memorization and application of the rules of science whether one is conducting an intimate one on one interview or a large scale examination of an entire society human imagination and scientific principles of inquiry go hand in hand to that end this book emphasizes scientific method but also acknowledges its critics it covers a wide variety of data collection techniques but presents them as reinforcing rather than competing with one another thus striking a balance between qualitative and quantitative methods it is designed for students and instructors who want a comprehensive treatment of a variety of research techniques with special emphasis on qualitative approaches

the oxford handbook of qualitative research presents a comprehensive and student friendly overview of the field of qualitative research and is intended for students of all levels faculty and researchers across the social sciences it provides strong focus on methods instruction with coverage of theoretical approaches analysis writing evaluation and the politics of research

this fourth edition of george ritzer s introduction to sociology shows students the relevance of sociology to their lives while providing a rock solid foundation ritzer illuminates traditional sociological concepts and theories as well as some of the most compelling contemporary social phenomena globalization consumer culture the digital world and the mcdonaldization of society with examples on every page from current events and contemporary research and stories about public sociologists who are engaging with the critical issues of today the text demonstrates the power of sociology to explain the world and the diversity of questions that sociologists seek to answer new to this edition new trending boxes focus on influential books written by sociologists that have become part of the public conversation about important issues replacing public sociology boxes these boxes demonstrate the diversity of sociology s practitioners methods and subject matter and feature such authors as michelle alexander the new jim crow elizabeth armstrong and laura hamilton paying for the party randol contreras the stick up kids matthew desmond evicted kimberly hoang dealing in desire arlie hochschild strangers in their own land eric klinenberg going solo c j pascoe dude you re a fag lori peek and alice fothergill children of katrina allison pugh the tumbleweed society updated examples in the text and digital living boxes keep pace with changes in digital technology and online practices including uber bitcoin net neutrality digital privacy wikileaks and cyberactivism new or updated subjects apply
