what is knowledge how hard is it for a person to have knowledge good knowledge bad knowledge confronts contemporary philosophical attempts to answer those classic questions by identifying and arguing against two fundamental epistemological presumptions can there be both better and worse knowledge of some fact can you improve your knowledge of a particular fact can there be especially bad knowledge of a specific fact epistemologists routinely answer these questions with a resounding no but stephen hetherington argues that those standard answers are mistaken the result is a theory of knowledge that is unique in conceiving of knowledge in a non absolutist way the theory offers new solutions to many traditional epistemological puzzles including various kinds of scepticism the gettier challenge and the problem of the criterion it also offers a fresh way of using g e moore s anti sceptical gambit along with reinterpretations of the epistemic roles of fallibility luck relevance and dogmatism and what can we know about knowledge the role of intuition in shaping epistemological thought about knowledge is critically examined anyone working on epistemology will enjoy this original and challenging work

this volume brings together recent work by leading and up and coming philosophers on the topic of virtue epistemology the prospects of virtue theoretic analyses of knowledge depend crucially on our ability to give some independent account of what epistemic virtues are and what they are for the contributions here ask how epistemic virtues matter apart from any narrow concern with defining knowledge they show how epistemic virtues figure in accounts of various aspects of our lives with a special emphasis on our practical lives in essence the essays here put epistemic virtues to work
