china is one of the world s oldest uninterrupted civilizations and the essential culture and identity of the chinese people the chinese way was formed more than 2 000 years ago this volume chronicles the development of chinese civilization from neolithic times when agriculture revolutionized society to the early first century a d when the han dynasty s triumph over a usurper firmly established a social and governmental model that would survive into the 20th century ancient history of china presents china s important formative legends relates the story of china s early bronze and iron age cultures chronicles the chaotic periods of warfare that preceded the unification of the country in the third century b c and introduces such influential figures as the philosopher confucius and the emperor shi huang di who built the great wall and commissioned the sculpting of a huge terra cotta army to guard his grave students will be fascinated by this fast moving and informative account

this book tracks the entire history of chinese civilization from a broad historical view its narrative spans a long period between primitive society and contemporary civilization which makes it a unique academic work from an academic point of view this book is accurate in history and combines historical theories although brief it captures the main thrust of the development of chinese civilization and

achieves a broad outline important figures historical events and achievements of civilization in all times are involved and discussed from a theoretical point of view based on the characteristics of early chinese civilization the book discusses the connotation of key concepts such as civilization and chinese civilization which have certain theoretical value from a contemporary and practical perspective the book helps readers understand the history of chinese civilization and promotes cultural exchanges between china and the world and leads to a better understanding of today s china

this book traces the development of chinese civilization features ideological culture and spiritual civilization in terms of political spiritual economic and technological civilizations it shows the history of the exchanges and interactions between the chinese civilization and others the glorious history of chinese civilization and its modern factors the internal impetus behind the development of the chinese civilization and the unique characters and global significance of the new form of human civilization it was written for those who are interested in chinese culture history and contemporary china

this book breaks with convention and provides an overview of chinese history in the form of special topics these topics include the major issues of a scientific approach to the origins of chinese civilization ancient chinese society and the change of dynasties the golden ages of the han tang and qing dynasties a comparative analysis transportation systems and cultural communication in ancient china ethnic relations in chinese history the systems of politics law and selecting officials in ancient china agriculture handicraft and commerce in ancient china the military thought and military systems of ancient china the rich and colorful social life in ancient china the evolution of ancient chinese thought the treasure house of ancient chinese literature and art the emergence and progress of ancient chinese historiography reflection on ancient chinese science and technology new issues in the modern history of china and a general progression to the socialist modernization of the people s republic of china the book is based on current literature and research by university students the modern history section is relatively concise while the topics related to ancient chinese history are longer reflecting the country s rich history and corresponding wealth of materials there is also an in depth discussion on the socialist modernization of the people s republic of china the book provides insights into chinese history allowing readers to see the value of civilization through history to see the preciseness of history through civilization it focuses on the social background lifestyle and development processes to illustrate ideologies and ideas

if you want to discover the captivating history of ancient china then keep reading to understand present day china its politics society and culture in general we have to go back to the beginnings of the chinese civilization in this book you will be led on a journey through almost 2 000 years of chinese history showing you all the ups and downs of those ancient times the sufferings and joys of the chinese people along with their greatest achievements and failures dynasties will change people will be killed and born art made and destroyed but the chinese civilization will prevail rising from humble beginnings to an empire that at some points outshined any other in the world at that time and yet it won t be only a tale of kings and queens emperors and rulers of palaces and forts of swords and shields it will also tell

a story of farmers and merchants artisans and artists philosophers and scientists and hopefully by the end of this introductory guide you will gain a sense of what who and how the chinese civilization was made as great as it was and still is from that a better understanding of this amazing far eastern culture and its history should arise as well as a greater appreciation of its achievements and contributions to the world and with a better knowledge of history a clearer understanding of the world will come as well in ancient china a captivating guide to the ancient history of china and the chinese civilization starting from the shang dynasty to the fall of the han dynasty you will discover topics such as chinese lands and birth of china shang and zhou dynasties and the rise of royal power disintegration of royal power birth of imperial china rise and fall of the han dynasty society of ancient china the ancient chinese culture inventions and innovations of the ancient chinese and much much more so if you want to learn more about ancient china scroll up and click the add to cart button

this fascinating and accessible text by maurizio scarpari accompanied by over 400 illustrations and photographs places those finds in context recounting the amazing history of the civilization and culture of ancient china from the neolithic age through the bronze age to the period of the empire which began with the short lived qin dynasty and reached the height of its glory under the han and later the tang dynasties in addition to the dynastic histories various aspects of everyday life and social organization from religious beliefs to politics from ethics to entertainment from family to war are analyzed and explained book jacket

this enlightening book leads readers though the history of ancient china up to and through its decline including how power was centralized within the zhou royal house and aristocratic families that ruled their individual territories this resource explains the spring and autumn periods as well as confucius s influence and the positive and negative aspects of the qin dynasty readers will be captivated by the ebb and flow of rulers the excitement of peasant revolts and rebellions that ultimately resulted in the fall of ancient china

drawing on the core values of western civilization the author refines the counterparts in chinese civilization summarized as four core principles duty before freedom obedience before rights community before individual and harmony before conflict focusing on guoxue or sinology as the basis of his approach the author provides detailed explanations of traditional chinese values recent scholars have addressed the concept of guoxue since the modern age sorting through it and piecing it together which has produced an extremely abundant range of information however given that the concepts and theories involved have been left largely unanalyzed this book develops a theoretical treatment of them in several important respects first it analyzes the mindset of guoxue examining the dominant ideas and values of the era from which the term guoxue arose focusing on its connection to early changes and trends in society and culture and distinguishing three key phases of development past scholars mainly had in mind the range of objects studied in guoxue when defining it and what this book underscores is the meaning of guoxue as a modern body of research secondly it assesses several phases in the modern evolution of the body of guoxue research from the beginning to the end of the 20th century i e ending

with the later phase of the national heritage movement third and lastly the book explores the various main modes of modern guoxue which correspond step by step with the evolutionary phases of guoxue research

origins of chinese civilization a history of china by hui wang takes you on a journey through china s ancient past told in a way that feels like you re listening to an elder recounting myths around a campfire the book starts with fuxi the first leader whose inventions like the eight trigrams and fishing nets shaped early chinese culture the story moves through key figures like nǚwa who patched the sky and shaped humanity from clay and the yan emperor who pioneered agriculture and medicine finally the legendary yellow emperor known as a creator of civilization brings the narrative into a more organized and developed era the legends are filled with fascinating myths like fuxi s miraculous birth from a footprint or nǚwa molding people from earth and the rise of agriculture through emperor yan s curiosity about plants the author doesn t simply recite the historical figures but adds warmth humor and a sense of connection making it easy to see why these stories have endured for thousands of years it s not just about dates and events it s about people trying to live better inventing things that changed their daily lives and facing challenges with creativity and resilience this book is perfect for those who want to explore chinese history not through dry facts but with lively storytelling that brings ancient china to life

this book provides a fresh interpretation of how chinese civilization was created and transformed in the process of its early formation 1766 221 bc it describes the principal features of that civilization which had a profound impact on the later development of chinese history in particular it discusses in detail the main characteristics of the social and political organizations of that period and argues that contrary to the traditional interpretation economic development in ancient china had its own dynamism

paleolithic sites from one million years ago neolithic sites with extraordinary jade and ceramic artifacts excavated tombs and palaces of the shang and zhou dynasties all these are part of the archaeological riches of china this magnificent book surveys china s archaeological remains and in the process rewrites the early history of the world s most enduring civilization eminent scholars from china and america show how archaeological evidence establishes that chinese culture did not spread from a single central area as was long assumed but emerged out of geographically diverse interacting neolithic cultures taking us to the great archaeological finds of the past hundred years tombs temples palaces cities they shed new light on many aspects of chinese life with a wealth of fascinating detail and hundreds of reproductions of archaeological discoveries including very recent ones this book is an invaluable resource for anyone interested in chinese antiquity and chinese views on the formation of their own civilization

for introduction to chinese history and introduction to east asia courses a clear and manageable single volume narrative covering all the major periods of chinese history the text is presented chronologically and features brief principle interpretations to provide an accessible introductory overview of an

expansive subject area

this book tracks the entire history of Chinese civilization from a broad historical view its narrative spans a long period between primitive society and contemporary civilization which makes it a unique academic work from an academic point of view this book is accurate in history and combines historical theories although brief it captures the main thrust of the development of Chinese civilization and achieves a broad outline important figures historical events and achievements of civilization in all times are involved and discussed from a theoretical point of view based on the characteristics of early Chinese civilization the book discusses the connotation of key concepts such as civilization and Chinese civilization which have certain theoretical value from a contemporary and practical perspective the book helps readers understand the history of Chinese civilization and promotes cultural exchanges between China and the world and leads to a better understanding of today's China

when published in 1982 this translation of Professor Jacques Gernet's masterly survey of the history and culture of China was immediately welcomed by critics and readers this revised and updated edition makes it more useful for students and for the general reader concerned with the broad sweep of China's past
