a century ago we got it wrong we sent thousands of young australians on a military operation that was barely more than a disaster it is right that a hundred years later we should feel strongly about that but have we got our remembrance right what lessons haven't we learned about war and what might be the cost of our anzac obsession defence analyst and former army officer james brown believes that australia is expending too much time money and emotion on the anzac legend and that today's soldiers are suffering for it vividly evoking the war in afghanistan brown reveals the experience of the modern soldier he looks closely at the companies and clubs that trade on the anzac story he shows that australians spend a lot more time looking after dead warriors than those who are alive we focus on a cult of remembrance instead of understanding a new world of soldiering and strategy and we make it impossible to criticise the australian defence force even when it makes the same mistakes over and over none of this is good for our soldiers or our ability to deal with a changing world with respect and passion brown shines a new light on anzac's long shadow and calls for change longlisted for the 2014 john button prize bold original challenging james brown tackles the burgeoning anzac industry and asks australians to re-examine how we think about the military and modern day service leigh sales the best book yet written not just on australia's afghan war but on war itself and the creator/destroyer myth of anzac john birmingham anzac's long shadow is refreshing and engaging it is also frank and no-nonsense james brown sets himself apart as a leader in this new generation of anzacs by asking the hard questions peter Leahy chief of the australian army 2002-08 one of australia's most insightful strategic analysts james brown lays bare our cult of anzac as our diggers return from war this book is more necessary than ever before it's now time for us to remember not only our fallen but our living michael ware former cnn baghdad correspondent brown as both an intelligent military theorist and an engaging storyteller is able to tackle such a controversial issue with humour and candour a personal challenging and informative work with the potential to contribute a great deal to australia's understanding of our own military service and how we think about war itself readings monthly brown is lucid bright and fierce exceptional qualities in a writer

raise a glass for an anzac run for an anzac camp under the stars for an anzac is there anything australians won t do to keep the anzac legend at the centre of our national story but standing firm on the other side of the anzac enthusiasts is a chorus of critics claiming that the appetite for anzac is militarising our history and indoctrinating our children so how are we to make sense of this struggle over how we remember the great war anzac the unauthorised biography cuts through the clamour to provide a much needed historical perspective on the battle over anzac it traces how since 1915 australia s memory of the great war has declined and surged reflecting the varied and complex history of the australian nation itself most importantly it asks why so many australians persist with the fiction that the nation was born on 25 april 1915
